

Permit Number _____

Application for a permit for: () Land Disturbing Activity (City Ordinance No. 311) or
 () Right-of-Way Improvement (City Ordinance No. 610)

A land disturbing activity permit is required to ensure the control of erosion, sedimentation, and storm water runoff during development or other land disturbing activities in the absence of the requirement for approval of site plan, subdivision, or building permits. A right-of way improvement permit is required to ensure that streets, alleys, or other public ways, public or private, are constructed, improved, or maintained in accordance with the requirements of the Zoning Ordinance, the Subdivision Regulations, and the City Right-of-Way Design Standards. Technical requirements and specifications for grading, drainage, erosion control and construction design standards are available for purchase through the Public Works Department in City Hall (968-2425).
